Sir,

Sub:-Betta land: North Kanara - grant of for residential purpose - S.No. 89 of Kadgibail, Taluka Sirsi.

In forwarding herewith a copy of the Conservator of Forests, Belgaum Circle, Belgaum's letter No.FOP.GFL.SDK.23/1/64-65 dated - 26-6-1964 along with the connected records, I write to state as under:-

2. In this case the Deputy Commissioner, North Kanara, Karwar has under his No.LND.III.7.SR.1475 of 9/13-4-1964 proposed to disforest an area of 0-3-0 out of Betta S.No.89 B of Kodgebail and grant it to the encroacher Shri.R.Y.Gowda, owner of adjoining S.No.84, for construction of a residential house. The Conservator of Forests, Belgaum however is not agreeable to this on the ground that the - Government orders do not permit regularisation of the encroachment in question, and as there is paucity of betta lands in North Kanara - district as there is craze for more and more betta land by the - gardeners in Kanara. But I am of the view that a small area of 0-3-0 if disforested may not affect the position of betta. I am therefore inclined to aggee with the Deputy Commissioner and I recommend the proposals contained in his letter No.LND.III.7.SR.1475 dated 9/13-4-64. Government may kindly be moved to accord sanction to disafforest an area of 3 gunthas of land from F.S.No. 89 B of Kodgibail village in Sirsi taluka for granting it in favour of Shri. Rama Gowda, the - applicant, subject t o usual conditions. The orders of Government may kindly be obtained and communicated early.

The connected records may kindly be returned to the Deputy Commissioner, North Kanara direct when done with.

Yours faithfully,

No.LND-III-7-SR-1475

To

The Divisional Commissioner,
Belgaum.

Sir,

Subject :- Lands : Kanara
Kodgibail, Taluka Sirsi - Grant of Certain. at

In submitting herewith the papers of the case ending with endorsement No.LND-II-SR-87 of 23-3-1964 of the Asst. Commissioner, Sirsi Division, I have to state as under :-

2. One Rama Venka Gowda in this case requests for grant of 0-10-0 of land out of betta S.No. 89-B of Kodgibail village, Taluka Sirsi for construction of his residential house. S.No. 89-B is an unassigned betta land measuring 31-0-0. A sketch of the site asked for is enclosed at page 17.

3. In the course of the enquiry instituted transpired that the applicant had already constructed his house in an area of 0-1-0 of land in the area asked for. The Divisional Forest Officer, who was consulted is not in favour of the grant on ground that there is no provision in the existing Govt. orders as regards regularisation of encroachment in unassigned betta land. The Tahsildar and the Assistant Commissioner however recommend regularisation of the encroachment.

4. Reference is invited to Government order No.AFD 6 MRP 58 of 19-5-1958. Unassigned betta is protected forest. The G.O. directs that encroachments in forest land for purpose of cultivation be regularised. Even though there is no specific mention as regards regularisation of encroachment for residential purpose, it does not appaar desirable to deny the land as the encroacher has no other land fit for residential purpose in his own holding. It is therefore recommended that Government may be moved to accord sanction to disforest 0-3-0 of land covered by the house and the area round about it in favour of the delinquent encroacher. The land after disforestment will be granted to the encroacher and the encroachment would be regularised.

Yours faithfully,

2. The case papers resting with the Deputy Commissioner, Kanara, Karwar's letter No.LND.III.7.SR.1475 of 13-5-1964 are retransmitted herewith.

3. It is seen that the applicant has applied for grant of 10 gunthas of land in Betta Sy.No.89 of 24-4-1960 for construction of a house and he has constructed a house. The forest land is reported to be unassigned betta land. The Deputy Commissioner, Kanara refers to G.O.No.AFD 6 MRP 58 of 19-5-58 in the matter of regularisation of the encroachment over betta lands. Para 2 of the aforesaid G.O. is specific. It provides for regularisation of encroachment over betta lands done for cultivation by removing earth and c. by the wahiwatdars of Bettas and not otherwise. It also provides for regularisation of encroachment on betta and forest lands done for cultivation and existing on that date. Further encroachments cannot be regularised, but on the other hand, the encroachers are to be evicted. In this case, the encroachment is done for constructing a house. The house is constructed on unassigned betta land as stated above. Unassigned betta lands are set apart for assigning to garden lands and if these are released for housing and other purposes, the very objects of setting apart such lands for the purpose will be frustrated. The new gardens are coming up, there is deficit of betta lands in Kanara and there is craze for more and more betta lands from the gardeners in Kanara.

4. Since Government orders do not permit regularisation of such an

The area proposed for grant is an unassigned betta land meant for assigning to garden lands and if these are released for housing purpose, the very object of setting apart such lands for the purpose will be frustrated. Moreover, the existing Government orders do not permit regularisation of such encroachments. However, in this case the party is reported to have already constructed his house in an area of one gunta. Further it is reported that there is no other suitable land for the applicant to construct his house as the malki land of the applicant is stated to be not fit for the purpose. In the circumstances, I agree with the proposal of the Divisional Commissioner, to release the area under reference as a special case.
